

BRITTSBURGH

A FESTIVAL OF BRITAIN  
IN PITTSBURGH

BRITTSBURGH

## Bars and restaurants serving “Brittsburgh Ale”

This year's Brittsburgh Ale is an ESB. You know that as an 'Extra Special Bitter' but we are calling an 'Extra Special Brittsburgh'.... ESBs are essentially more aggressive and more balanced Bitters, both in alcohol and hop character, but nothing overpowering. Colour range will be similar, though leaning towards the darker end of the scale; dark golds to copper. Low carbonation. Malts tend to be more pronounced, often toasty and fruity, with maybe some notes diacetyl. And despite "bitter" being in its name, ESBs are not really all that bitter. The key to an ESB is balance.

### Brittsburgh Events:
